Pharmacy Network:

Your Metro IOD Pharmacy Program consists of two provider networks. Both are managed for BlueCross BlueShield of Tennessee by CVS Caremark.

- The first pharmacy network - **RXO4** - consists of more than 60,000 participating pharmacies nationwide. Through this network, you may purchase a prescription for a 34-day supply or less. If you use Walgreens pharmacies for your IOD prescriptions, you may continue to use them in 2009 for up to a 34-day supply only.
- The second pharmacy network - **Caremark Retail 90** - is where you can purchase up to a 102-day supply of a covered prescription.

A few of the pharmacies in both networks are: Kroger Pharmacy, Publix Pharmacy, CVS Pharmacy, Wal-Mart Pharmacy and Rite-Aid Pharmacy. For the most up-to-date, complete list of participating pharmacies, please visit bcbst.com.
